I ran into issues downloading photos from a Twitter Feed. It looks like if you haven't added a picture to Day One before, there is not "photos" directory and Slogger doesn't seem to check. So... if you're having problems, just add a picture and try again.

Brett — Aug 06, 2012 06:19 pm

Noted, I'll add a check and create the folder automatically if needed.
