I keep coming back to these comments and getting ideas and decided to put together an RSS Resource for Slogger for those wanting to add various RSS feeds to this awesome service that Brett has made available to us. My way of trying to be as generous as Brett is.

Anyway, I have posted the file as a Gist and you can view or download it at:

<https://gist.github.com/338...>

In it, I have listed RSS data for the following services, in case you want to add the feed to your Slogger setup.

Blogger
Dropbox
Evernote
Facebook
Flickr
Foursquare
Instagram
InstaPaper
LinkedIn
Picasa
Pinterest
StumbleUpon - Get the RSS feed of likes of any SU user
Twitter
Tumblr
WordPress hosted
YouTube

For services that don't offer an RSS feed, I suggest my 'Twitter hack' that has been described previously and that I also include in the doc.

Feel free to make corrections and additions and share.
