that's nice and that but, Google Reader has built in support for sending of links to instapaper and to other services you can decode the url to. in the preferences send to options.

## **btadmin — Jul 28, 2010 08:58 pm**

If you make use of the keyboard navigation that makes GReader my favorite way to read RSS feeds, clicking the Send To menu selecting your option and handling followup dialogs is just a pain in the ass. A single keystroke is preferable, at least to me.
